by Stefan Kinzel

WELCOME TO THE SK SOLUTIONS 2026 CATALOGUE!

SK SOLUTIONS is pleased to welcome both existing and new customers to our latest catalogue. In response to today's evolving market conditions, **SK SOLUTIONS** continues to focus on affordability, while remaining committed to the quality, design, and innovation our customers expect.

As part of our ongoing Innovation Programme, we are proud to introduce an expanded range of new and enhanced products, including:

Page 21: Foldable Balls - New black Foldable Balls, available in diameters ranging from 40 cm up to 150 cm.

Page 31: Festoon E27 - New E27 flame bulb featuring a highly realistic candle flame effect.

Page 36: Starleds™ - New filament LED extendable light set with a beautiful warm glow. Also introducing the new Starleds flame bulb set with a realistic candle flame effect, ideal for use in trees and fire pits.

Page 46: Outdoor Pop-up Trees – New snow-covered or standard green pop-up trees for outdoor use, including IP44 lights. Available in heights from 120 cm up to 300 cm.

Please speak with your **SK SOLUTIONS** sales representative for full details and availability.

SK SOLUTIONS is continuing to upgrade all packaging with a strong focus on sustainability and durability, reducing environmental impact while maintaining product protection.

SK SOLUTIONS would like to thank you for your continued support and wishes you a prosperous and successful year ahead.

Regards, **SK SOLUTIONS** Team
